

Practice 11

Guillermo Girón García

26-11-2018

	N=10	N=30
Solution found	cost 1	cost 10
Mean time	14.449s	19.2848
Mean iterations	17	21

Other observations: Too much time and iterations to decrease a couple of cost units in N=10. A lot of convergence in N=30.
